

## **Kesar Singh: Reminiscences of a talented statistician**

Regina Liu

Rutgers University, New Brunswick, USA [rliu@stat.rutgers.edu](mailto:rliu@stat.rutgers.edu)

Kesar Singh was a talented researcher who had many outstanding contributions to statistics. In particular, he had a major impact on the early theoretical development of the bootstrap. Highlights of some of these and other contributions and his journey from the Indian Statistical Institute to Rutgers University will be reminisced.
